AEO | PRODUCT SPECIFICATIONS

KLK-201/E-220

English · Revision EN-20261102-V179

Network transmission rate Vs	10/100/1000Mbps auto-negotiation
Network connector type	RJ45
Power rated operating voltage Un	220V
Network signal operating voltage Un	3V
Power maximum continuous operating voltage Uc	385V
Power protection level Up at 3KA	770V
Power nominal discharge current In (8/20)	5KA
Network nominal discharge current In (8/20)	5KA
Maximum discharge current Imax (8/20)	10KA
Power response time tA	<25ns
Power rated load current	10A
Network signal response time tA	<1ns
Protected network conductors	1~8
Failure mode	Short circuit to ground
Grounding requirement	Ground resistance ≤4Ω
Enclosure protection rating	IP30
Mounting	35mm DIN-rail mounting
Dimensions (L*W*H)	90 × 60 × 30mm
Operating temperature	-40 °C～85 °C
Operating humidity	5%~95% (non-condensing)
Power connector type	Terminal block
Protection level	Two-stage voltage limiting with fine protection
